Sessions As Requested	Multiple Interdisciplinary Treatment Planning	Group	DDS	3 per session	6-9pm	Group Interactive

Interdisciplinary treatment planning and treatment execution is the fundamental necessity of any successful high end dental practice. Our study club focusses on this concept is its main priority. We will host ‘spontaneous treatment planning sessions’ whenever you have a more complex case, or a complication arising during treatment. The objective of these sessions is interdisciplinary sharing of knowledge and past experiences. I want us to be recognized as the:
